## Sun Open Sources the Solaris Operating System

**MENLO PARK** – June 14, 2005 – Today is "Opening Day" for OpenSolaris. Sun has open sourced the most advanced operating system on the planet. Check it out on the net: [blogs.sun.com](http://blogs.sun.com) and [opensolaris.org](http://opensolaris.org)

Please join us for a conference call on Tuesday, June 14th with John Loiacono, Executive Vice President of Software at Sun, and members of the OpenSolaris team. The call will begin at 1 p.m. (PDT), then via replay.

Conference call details: (888) 271-9036, conference ID# OpenSolaris.

Date: Tuesday, June 14, 2005

Time: 1:00 - 2:00 p.m. (PDT)

Replay: (800) 642-1687 or (706) 645-9291; conference ID# 6977608

Please contact Terri Molini at (408) 404-4976 or Dan Dent at (617) 374-4233 with any inquiries.
